# The Whole Family Would Enjoy This

GET your mind off the butcher, the baker and the rent collector. Pull yourself out of the daily grind—and with a few days' let up, a few deep breaths and a short rest, you will get back into the harness FRESHER, and you'll feel better for it. The Community Chautauqua will give you a chance for a little easing up these hot summer days. Knock off some of the work and get under the tent for a good physical and mental bracer.

## Brought Right to Your Door

AND there's the family too. Traveling in hot weather isn't altogether pleasant, but a vacation BROUGHT RIGHT TO YOUR DOOR isn't bad, is it? The big music of this five day festival of music ought to appeal to them. And if they "never liked lectures" the Chautauqua's got a surprise for them! And then there are the entertainment numbers, all these ten great programs for a few cents each. Remember a season ticket cuts the cost in half, and a season ticket bought now costs 25 cents less than it will cost a little later.

The Junior Chautauqua promises a world of delights for the boys and girls. It will be in the forenoon, and they will play games, have story telling hours, athletic events and a host of things that will keep them busy and happy every minute.

## A Whole Family and Community Affair

THE Chautauqua is essentially an affair for the whole family and the entire community. The committee's hope is to make it an event of special interest to father, mother and the "kiddies." There are numbers on the program that will have a special appeal to the business man, the farmer, the lawyer, preacher, doctor, manufacturer, the clerk, the laboring man and the bank president. The mother will find many features especially helpful, and the boys and girls will get a little different look at life through these great inspirational numbers. And there will be entertainment for every one.

A handsomely illustrated program booklet has been issued that gives full particulars, prices of tickets, description and list of talent and the program for each day.

Wouldn't it be a fine thing to give yourself and the family a five day treat right here at home? Then get season tickets and attend the

Mrs. Snooper—Men make me tired. Mrs. Swayback—What's the matter now? Mrs. Snooper—My husband saw Mrs. Keechick yesterday, and I asked him what she had on, and he replied, "Oh, clothes."—Stray Stories.

### The Bird's Tail.

In his "Story of the Birds" James Newton Baskett says: To a slight extent in some birds the tail may be used as a rudder, but where the wing is perfected turning is effected with a very scant tail. The use of the tail always has more reference to the up and down movements than to the lateral. It comes into play in alighting (as a brake) or in rising (as a kite-like surface) and is used dexterously by the soaring birds in balancing themselves against the currents of air.

### MISS GIFFS.

She gave not out of her golden store.

For no golden store had she.

And faithful love was her only wealth.

For a gracious ministry.

But royal gifts to the world she gave.

With every quiet day.

And many a heart was richer far.

Because she had passed that way.

She gave of her truest sympathy.

To those who were worn and sad;

She gave a song in a darksome place.

That made the listener glad.

She gave a loving and tender word.

To a tired, discouraged soul.

And lo, it rose in a new found strength.

To win the wished for goal.

She gave not out of her golden store.

For no golden store had she.

And never the voice of fame was heard.

To herald her ministry.

But she gave the oil of joy for tears.

And sunshine to banish gloom.

And beauty and sweetness beneath her steps.

Sprang rainbow-like to bloom.

—L. M. Montgomery.
